**1. Devotion** led by Susi Petta

## **2. Care Net Proposal Draft**

The Committee reviewed the draft recommendation that is going to the Board. The recommendation, which follows, was written to allow flexibility.

*Good Shepherd will allow the CareNet Mobile First Care Clinic to operate from the parking lot of our Madison campus, one day per week, for a six-month trial period. This recommendation is being made with the follow stipulations being communicated to CareNet:*

- *The agreement may be terminated at any time during the trial period if it is deemed in the best interest of Good Shepherd.*
- *CareNet will work to collaborate with the Meadowood Health Partnership in ways that benefit the Meadowood community.*
- *A review and future recommendation will be accomplished by the social action Ministry at the end of the trial period which will begin, if approved, on the first day they operate from our lot.*

Sheray Wallace of the Meadowood Health Partnership and CareNet will be meeting in the next few weeks to determine how they can collaborate to serve the neighborhood. Sheray will communicate the outcome of the meeting(s).

The committee discussed the draft recommendation and approved the language.
